GENE ROBERTS
COMMISSIONER

The Honorable Lamar Alexander
Governor of the State of Tennessee

Honorable Members of the Senate and General Assembly
of the State of Tennessee

Dear Governor and Members of the Legislature:

Pursuant to Section 38-1201, Tennessee Statutes, The Department of Safety has compiled Uniform Crime Report data submitted by law enforcement agencies throughout the State. The data has been correlated in the 1979 Annual Report, Crime in Tennessee. This report is hereby presented for your review and information.

Statistical summaries and descriptions generated under the UCR program, will enable law enforcement agencies to set more realistic priorities and deploy their manpower and resources more effectively. This information may also be used by local and state administrators and other professionals who have an interest in the crime problem. At the same time, it is an important reference source for the general public as an indicator of the crime problem in our State.

The information presented in this report, is the most accurate currently available in Tennessee. As demonstrated by the extent of its coverage, it is a tribute to the cooperative spirit of the law enforcement agencies throughout the State.

Sincerely Yours,

Gene Roberts
Gene Roberts
Commissioner

ACKNOWLEDGMENTS

The Tennessee Criminal Justice Activity Reporting, Uniform Crime Reporting Program has been made possible by a T.L.E.P.A. grant under the provisions of the Crime Control Act of 1976.

Crime in Tennessee for 1979 is a compilation of data submitted to the Uniform Crime Reporting Program by its participating agencies. These agencies consist of 91 Sheriffs' Offices, 207 Police Departments and 7 Universities. The jurisdiction of the above agencies, represent 97.8% of the state's population. We gratefully acknowledge the outstanding cooperation of each agency.

Special appreciation is extended to the Federal Bureau of Investigation, Uniform Crime Reporting Division for the assistance provided to the Tennessee Uniform Crime Reporting Program.

TENNESSEE UNIFORM CRIME REPORTING PROGRAM

CRIMINAL JUSTICE SYSTEM

THE TENNESSEE UNIFORM CRIME REPORTING PROGRAM

INTRODUCTION

Uniform Crime Reporting is a local, state and national law enforcement program. This program provides a nationwide perspective of crime based on the submission of police statistics by law enforcement agencies throughout this country. The crime data is submitted to the State Uniform Crime Reporting (UCR) Program and then to the National UCR Program which is administered by the Federal Bureau of Investigation. The success of UCR is a testimony to the dedicated and cooperative attitude of peace officers in this Nation. The information collected under the UCR Program should be a portion of the data a law enforcement agency compiles for its own effective and efficient operation.

NATIONAL UCR PROGRAM

Uniform Crime Reporting originated in 1920 when the International Association of Chiefs of Police (IACP) formulated the standards for the collection of crime data. On June 11, 1930, Congress approved legislation which authorized the Federal Bureau of Investigation to collect and compile nationwide crime counts. Since that time, the FBI has acted as a clearinghouse for crime information. The Committee on Uniform Crime Records of the IACP continues as an advisor to the FBI in the conduct of the UCR Program.

National crime statistics are published on an annual basis by the FBI in their book entitled Crime in the United States. Participation by over 15,000 law enforcement agencies, either through a state program or direct submission, provide the FBI with the needed data.

TENNESSEE UCR PROGRAM

Tennessee is among forty-six states who have adopted the Uniform Crime Reporting Program as the official statewide crime report. The Tennessee Uniform Crime Reporting Program began in 1973 with the passage of the mandatory reporting law, Chapter 159 of Public Acts, 1973. The law assigns the responsibility to the Department of Safety.

Since the inception of the Tennessee UCR program in 1973, the process has been manual. In view of the expanded activities in the program including the number of agencies reporting and the value and use of the data, the activity is now automated using the existing technology within the Department of Safety.

A cororallary function of the new automated system is to also assume some responsibility for any research or planning needs for law enforcement agencies.

The automated system UCR has changed to, will certainly be beneficial to individual agencies as well as statewide. UCR can provide: (1) Monthly printouts to individual agencies, (2) Research programs in crime analysis and crime trends. (3) Research, plan, and assist the needs of local and state agencies, (4) Provide printouts and analysis reports in comparisons of agencies by County, (Alpha Number), Judicial, Economical Development District, Population and Rural/Urban.

We will continue to modify our existing program in order to meet the needs of our participants, recognizing that this data is not the ultimate, however, it is the most advanced ever attempted on a statewide basis in Tennessee.

PURPOSE AND OBJECTIVES

It is the purpose of this, the seventh Tennessee Uniform Crime Report, to further acknowledge the crime problem areas in Tennessee. The presentation is designed to give a continuing examination of the extent of crime in Tennessee, and formulate comparisons with the previous analysis period wherever possible. It is hoped that this crime analysis will be used as a planning tool by local, state, and national criminal justice agencies in their efforts to combat crime.

Future reports will continue to analyze data comparable to prior periods with emphasis upon more detailed statistical information. Significant changes in analyzed data will become evident through continuous collection of data, and will be noted when found to be valid.

The fundamental objectives of the Tennessee UCR Program are:

(1) Inform the Governor, Legislature, other governmental officials, and the public as to the nature of the crime problem in Tennessee, its magnitude, and its trends.

(2) Provide law enforcement administrators with criminal analysis for administrative and operational use.

(3) Determine who commits crimes by age, sex, race, whether resident or non-resident, and other social attributes in order to find the proper focus for crime prevention and enforcement.

(4) Provide data to measure the effectiveness of Tennessee's criminal justice system.

(5) Provide base data to measure the effects of prevention and deterent programs.

(6) Provide base data for research to improve the efficiency, effectiveness and performance of criminal justice agencies.

(7) Provide data to assist in the assessment of societal and other causes of crime for the development of theories of criminal behavior.

(8) Provide the FBI with complete UCR data to be included in the national crime reports.

REPORTING PROCEDURE

Each contributing agency is responsible for compiling its own crime reports and submitting them to the Uniform Crime Reporting Program. The program in an effort to maintain quality and uniformity in the data received, furnishes full-time field representatives who provide training in Uniform Crime Reporting Handbook, which outlines in detail procedures for scoring and classifying offenses. The handbook illustrates and discusses the monthly and annual reporting forms, as well as the numerous tally sheets made available to facilitate the periodic tabulation of desired data.

On a monthly basis, law enforcement agencies report the number of offenses known to them in the following crime categories: murder, forcible rape, robbery, assault, burglary, larceny theft, and motor vehicle theft. The count of offenses is taken from the records of complaints received by law enforcement agencies from victims, witnesses, or other sources, or discovered by agencies during their own operations. Complaints determined by subsequent investigations to be unfounded, are eliminated from the count. The resulting number of "offenses known to law enforcement officials" in these crime categories is reported without regard to whether anyone is arrested, stolen property is recovered, local prosecutive policy, or any other consideration. Municipal and county agencies also report, on a monthly basis, supplemental offense information such as the value of property stolen and recovered, circumstances surrounding homicides and other pertinent data. Additionally, monthly reports of persons arrested are submitted. These reports provide information concerning the age, sex and race of all persons arrested by each individual law enforcement agency.

Various cross checks have been built into the system to insure the most accurate report possible. Thus, errors are kept to a minimum and validity increased. Inherent problems are encountered in all statistical programs and the UCR program is also affected by incorrect reports, incomplete records, misinterpreted data and simple human error. The cross checks built into the system eliminated the majority of these errors and whenever any hidden errors are encountered. they are corrected or eliminated from the collective report. Those that remain are insignificant, if the report is used as an indicator, for which purpose it was designed.

FIELD REPRESENTATION

For Uniform Crime Reporting purposes, the state was divised into five divisions during 1979. A Uniform Crime Reporting Field Representative is assigned to each division. He assists the local agencies by training the records keeping needs for local agencies with the CTAS-MTAS programs of the University of Tennessee.

The personal contact of the Field Representatives with the contributors serves as a rapid means of resolving errors, training new personnel, and contacting non-contributors to enlist their participation in the program.

VERIFICATION PROCEDURES

Each report received by the Department is recorded, examined and verified for mathematical accuracy and possibly, more important, for reasonableness. The verification process includes numerous checks to insure the validity of information. The elimination of duplication of reporting by individual contributors receives particular attention. Minor errors are corrected by telephone. Substantial errors and variations are adjusted through personal contacts with individual contributing agencies. The personal contacts are invaluable to the accuracy and quality of reporting. Field Representatives are engaged in a constant education effort to provide a vital link between the Uniform Crime Reporting Program and the contributor.

SEMINARS

During 1979, Tennessee's Uniform Crime Reporting Program held four seminars across the state providing technical assistance and instructions to local agencies. UCR Seminars are expecially significant in that agencies are given the opportunity to join together to discuss and learn about UCR Nationally, Statewide and Locally. These seminars are certainly beneficial to the agencies' records clerks in that special instruction is provided concerning offense classification, scoring procedures, and records system developments.

UCR NEWSLETTER

To keep you, the UCR contributor, informed and up to date on what is happening in the Tennessee Uniform Crime Reporting Program, a quarterly Newsletter is released. This UCR newsletter is mailed to all contributing law enforcement agencies in Tennessee, which provides pertinent information, changes in processing, or any other data necessary to keep the UCR program's operation functioning smoothly.

TENNESSEE CRIMINAL JUSTICE ACTIVITY REPORTING

UNIFORM CRIME REPORTING

STATEMENT OF POLICY

FOR THE RELEASE OF UCR STATISTICAL INFORMATION

The following regulations will be observed by this agency concerning the release of Uniform Crime Reporting statistical information. Employees of this agency will observe these procedures and will not deviate from this policy without the express consent of the Director of Criminal Justice Activity Reporting/Uniform Crime Reporting Program. All information to be released will be approved prior to being released by the Director of Criminal Justice Activity Reporting/Uniform Crime Reporting Program.

REGULATIONS

1. The release of the annual report reflecting crime in Tennessee, shall be the responsibility of the Department of Safety, Uniform Crime Reporting Division, as required by law. This report will be distributed to the Governor, to members of the Legislature, to the Attorney General, to law enforcement agencies or to any agency or committee dedicated to law enforcement of criminal justice work.

2. It shall be the policy of the Uniform Crime Reporting Division of the Tennessee Department of Safety, that no information concerning a particular agencies crime statistics will be released to any individual or agency, except as part of the annual crime publication.

   There can be no exception to this regulation, unless a written request by the chief administrator of that agency so directs the Tennessee Department of Safety to release the requested information.

3. All requests for unpublished information from agencies or individuals should be directed by letter to the Department of Safety Commissioner.

   Requestors will be required to properly complete and sign an Access Request form and a Non-Disclosure Agreement before any information is released to them. These forms will be provided to the requestor by the Uniform Crime Reporting Division. These special requests will be honored only upon the Director's authorization.

4. Law enforcement agencies may receive interim, unpublished, specialized reports identifying their agency, only providing the request is not unreasonable. Law enforcement agencies may also receive their respective county totals, along with state or district totals. All requests should be directed to the Director of the Uniform Crime Reporting Program.

CRIME FACTORS

There are inhererent limitations in current crime reporting practices. Of primary importance is the question of how much crime is being reported. Law enforcement agencies are only capable of reporting crimes known to them. In many instances, citizens do not report crimes directly to the agencies but may report them to the prosecuting authorities. A considerable volume of crime is not reported to law enforcement agencies because the victims may consider the offenses against them to be of very little consequence; they believe there is nothing the police can do about them; they fear retaliation from offenders or have shared willingly in such offenses as illegal sex acts, gambling or drug usage. Consequently, information concerning some offenses is never entered in the present statistical reporting system. A national survey conducted for the President's Commission on Law Enforcement and Administration of Justice indicates that half the victimizations are not reported to law enforcement authorities.

The information collected for this report, is the most accurate crime information currently available in Tennessee. Caution should be exercised, however, in making direct comparisons of crime and arrest data reported by different law enforcement jurisdictions. Likewise, when comparing offense and arrest data, the reader should keep in mind that crimes relate to events while arrests relate to persons. A single criminal act may involve several crimes, several offenders, and several victims.

Set forth below are some additional conditions which will, by type and volume, affect the crime that occurs from place to place. These same conditions will also affect the amount of crime actually reported.

1. Density and size of the community population and metropolitan areas which it is a part.
2. Composition of the population with reference particularly to age, sex and race.
3. Economic status and mobility of the population.
4. Relative stability of population, including commuters, seasonal and other transient types.
5. Climate, including seasonal weather conditions.
6. Educational, recreational and religious characteristics.
7. Effective strength of the police force.
8. Standards governing appointment to the police force.
9. Policies of the prosecuting officials and the courts.

10. Attitude of the public towards law and enforcement problems.

11. The administrative and investigative efficiency of the local law enforcement agency including the degree of adherence to crime standards.

Current methods of gathering and reporting offense and arrest data, because they are influenced by many variables, provide a less than complete picture of crime in our society. However, despite these shortcomings, there is at present, no other information system available that will more adequately perform this task.

THE INDEX OF CRIME

The Crime Index Offense Table, can be used to indicate the probable extent, fluctuation, and distribution of crime for the State of Tennessee as a whole, geographic divisions, individual counties, individual cities and towns, and standard metropolitan statistical areas. The measure used is a Crime Index, consisting of eight important offenses, which are counted as they become known to the law enforcement agencies. Crime classifications used in the Index are: Murder and non-negligent manslaughter, forcible rape, robbery, aggravated assault, burglary-breaking and entering, larceny, motor vehicle theft and arson.

The total number of criminal acts that occur is unknown, but those that are reported to Law Enforcement provide the first means of a count. Not all crimes come readily to the attention of Law Enforcement; not all crimes are of sufficient importance to be significant in an index; and not all important crimes occur with enough regularity to be meaningful in an index. With these considerations in mind, the crimes below were selected as a group to furnish an abbreviated and convenient measure of the crime problem.

UNIFORM CRIME REPORTING INDEX OFFENSE DEFINITIONS

1. Murder - The willful killing of another.

2. Rape - The carnal knowledge of a female through the use of force or the threat of force.

3. Robbery- Occurs in the presence of the victim to obtain property or a thing of value from a person by use of force or threat of force.

4. Aggravated Assault - An unlawful attack by one person upon another for the purpose of inflicting severe bodily injury.

5. Burglary - The unlawful entry of a structure to commit a felony or theft, even though no force was used to gain entry.

6. Larceny - The unlawful taking or stealing of property or articles of value without the use of force, violence or fraud.

7. Motor Vehicle Theft - The unlawful taking or stealing of a motor vehicle, including attempts.

8. Arson - Any willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

CLASSIFICATION AND LISTING OF UCR OFFENSES

Offenses in Uniform Crime Reporting are divided into two groupings designated as Part I and Part II offenses. Crime index offenses are included among the Part I offenses. Offense and arrest information is reported for the Part I offenses on a monthly basis, whereas only arrest information is reported for Part II offenses.

PART I

1. Criminal Homicide (Murder and Manslaughter by Negligency)
2. Forcible Rape
3. Robbery
4. Aggravated Assault
5. Burglary
6. Larceny-Theft (Except Motor Vehicle Theft)
7. Motor Vehicle Theft.
8. Arson

PART II

9. Other Assaults (Simple)
10. Forgery and Counterfeiting
11. Fraud
12. Embezzlement
13. Stolen Property; Buying, Receiving, Possession
14. Vandalism
15. Weapons; Carrying, Possessing, etc.
16. Prostitution and Commercialized Vice
17. Sex Offenses (Other Than Above)
18. Narcotic Drug Laws
19. Gambling
20. Offenses Against the Family and Children
21. Driving Under the Influence
22. Liquor Laws
23. Drunkeness
24. Disorderly Conduct

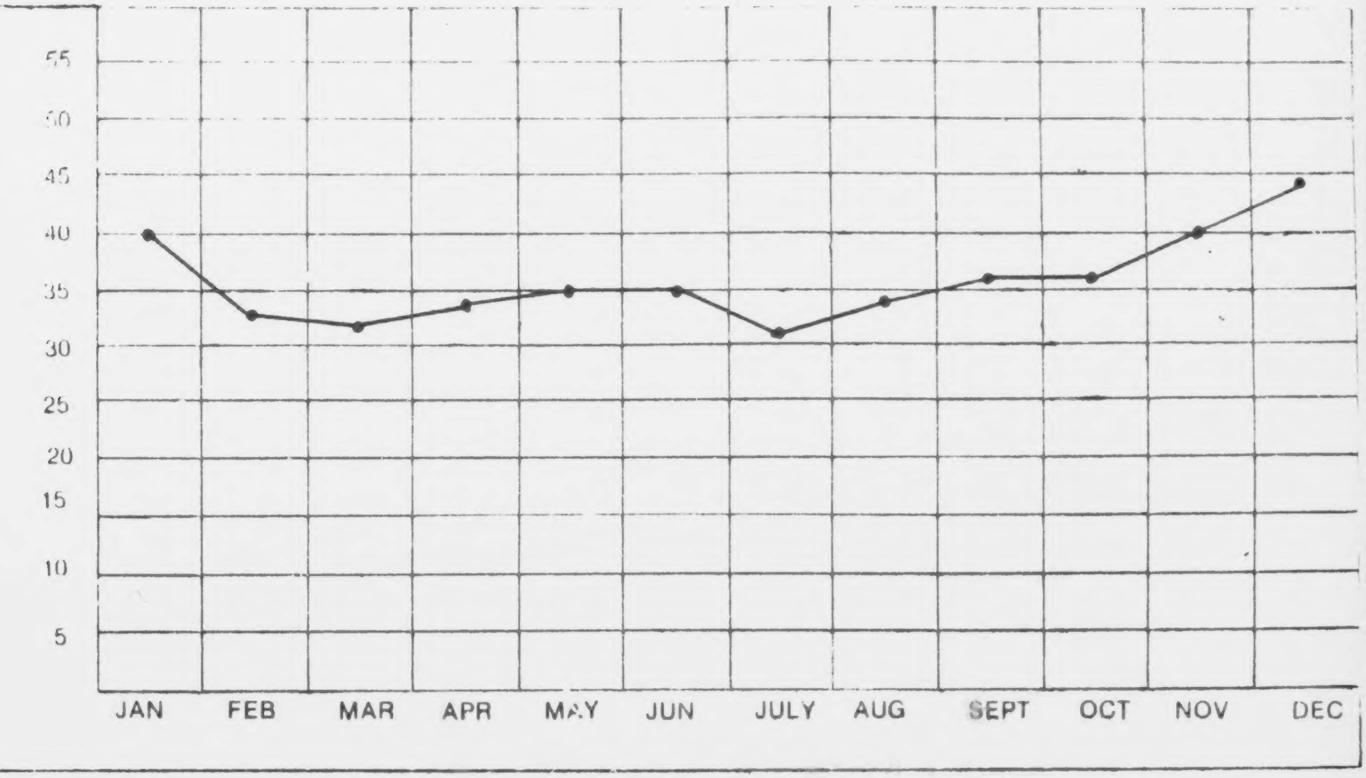
MURDER

MURDER



Murder is the willful (non-negligent) killing of one human being by another. Homicide is classified by the law nforcement agency as a murder upon initial investigation, and does not depend on a later determination by a oroner, court, or other examining body. Manslaughter by negligence, such as traffic deaths caused by gross egligence of another, is not an index offense and is not reflected in any of the index offense totals. Justifiable omicides, suicides, and accidentl deaths are also excluded from the classification of murder. Attempts to urder are classified as aggravated assaults.

There were 431murders reported to UCR by law enforcement officers in Tennessee during 1979.

ARSON
GAS

In October of last year, Congress passed the 1979 Fiscal Year U.S. Department of Justice Authorization Bill. An ammendment to that Bill mandated the FBI to reclassify arson as a Part I Index Crime in the National Uniform Crime Reporting Program. Although this amendment is only effective for the life of the Bill itself, permanent Legislation is currently being introduced, which, if passed, would permanently add to the crime index, the offense of arson. Thus, arson would be the first criminal offense added to the crime index since its inception.

Arson Definition

The offense of arson is defined by the national UCR Program to include any willful or malicious burning or attempts to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Arson Crime Collection

The collection of arson crime data is submitted by law enforcement to the state UCR program, which sends the data directly to the national UCR program administered by the FBI. The national program has complete responsibility for the verification and computation of UCR arson data. Therefore, any release of Tennessee arson information from the FBI may be obtained by request through the state UCR program.
